How to Use This Resource

The practice exercises in this resource have been designed to offer students the opportunity to prepare for STAAR Science by providing questions aligned to the eligible TEKS in a style and format that mirrors STAAR tests.

In order to succeed on STAAR, students must be able to correctly record answers on a separate answer sheet. While the practice exercises in the student book can certainly be used without the answer sheet, including its use as part of test preparation gives students practice with properly filling in bubbles and finding the correct location to record an answer for each test item.

The student book includes practice exercises that cover each of the reporting categories.

The Teacher's Guide provides the resources and background information needed to support students with the practice exercises, including reproducible answer sheets and a correlation to the assessed standards chart.

Name: _____ Date: _____

Answer Sheet

Practice Exercise _____

Directions: Fill in each correct answer.

1 (A) (B) (C) (D)

2 (F) (G) (H) (J)

3 (A) (B) (C) (D)

4 (F) (G) (H) (J)

5 (A) (B) (C) (D)

6 (F) (G) (H) (J)
